OCTOBER MEETING MINUTES

The October 28, 2017 meeting was held at Killeen Field. Mike Stone opened the meeting at 10:05am.

The September 30, 2017 Meeting Minutes were approved as written. Bill Rothenbuhler gave the Treasurer's Report stating the amount we have in our Checking Account.

Bob Estrella gave the Membership Report stating that we have 43 Members (38 Paying Members plus 5 Life Members.)

Old Business:

Mike Stone stated that he has not heard anything new from the Property Owner regarding our status at the Field. Mike then asked if anyone has any info on a potential new Flying Site. Attendees had no leads.

Bob Estrella gave a Report on the October 14th Swap Meet. He stated that there were 18 Sellers and lots of Buyers. The event earned \$90 for the Club. Bob thanked Ralph Torres for

being the Gate Guard from 7am to 9am.

Bob Estrella stated that he ordered and received two Windsocks from Hobby King, and that he will put them in the top drawer of the File Cabinet in "Markham's Mansion".

New Business:

Mike Stone asked attendees to give a round of applause to Roy Truitt for his hard work on the Tractor clearing weeds from all over the Field area.

THANK YOU, ROY!!!

Mike Stone noted that we currently have plans to schedule two Swap Meets and three "Summer Night Flies" for 2018. He then asked attendees if they wanted to schedule

any other events for 2018. Bob Estrella suggested that we could schedule a "Members Only" Warbirds Fly-in, and include a free BBQ Lunch. Attendees liked that idea, but recommended that, if we do that, we allow other models in addition to Warbirds. There was a suggestion that we also schedule an open event, like a "Dawn Patrol" Fly-In. There was not a lot of enthusiasm by attendees to hold such an event, due to the uncertainty of our status at the Field and the fact that, in recent years, attendance has been poor at such events. After some discussion on the subject, Mike asked members to think about it further. Board Members will address 2018 plans at their November 14th Board Meeting, and will present their recommendations at our November 25th Regular Meeting.
